Welcome

Dear Medical Graduates,

It is my very great pleasure to welcome you to the 2011 UCD Medical Alumni Gala Reunion for the classes of 1951, 1961, 1971, 1981, 1986, 1991 and 2001. The School aims to provide a greater level of support to our Alumni, and together with the Medical Graduates Association, wishes to ensure that you have a solid mechanism for staying in touch with each other. The social and professional networks you formed with your class group during your studies at UCD will have played a large role in who you are today and I can think of no better way to celebrate this time than reuniting for this special event and re-forging those links.

The event will commence with student-led tours of the new Health Sciences Centre, Belfield, which houses our state-of-the-art Medical School. Following the tours, the UCD and Medical Graduates Associations will hold their Annual Scientific Meeting. All talks will be CME accredited and will be given by graduates of the celebrating years. A Gala Dinner follows on the evening of Friday 29th April providing you with the opportunity to reminisce on your days at UCD in style.

This is a momentous occasion for the UCD Medical School and I hope you will join us in our celebrations.

Professor William G Powderly, Dean of Medicine
Head UCD School of Medicine and Medical Science
