This is a collaboration between the five Irish Universities that deliver Physiotherapy Prequalification Education in Ireland, and the ISCP.

You are invited to attend in recognition of your support for student placements. Please share this with your team. If you're interested in building further links with universities to support placements, we'd love to hear from you.

All sessions are presented live and recorded for on demand viewing via the ISCP CPD channel.

The details will be in the PDU ezine, circulated on the last Thursday of each month.

Practice Education Coordinators

-Marie O'Donnell, UL

Marie.ODonnell@ul.ie

-Sinead McMahon/Denise O'Callaghan, UCD
