

# HBM programmes national or regional; examples and considerations.

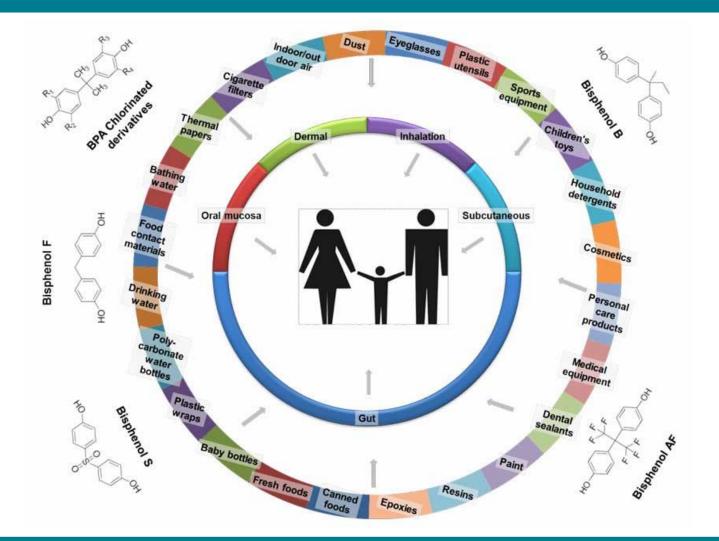

Dr Ovnair Sepai, General Toxicology and Biomonitoring Programme Lead

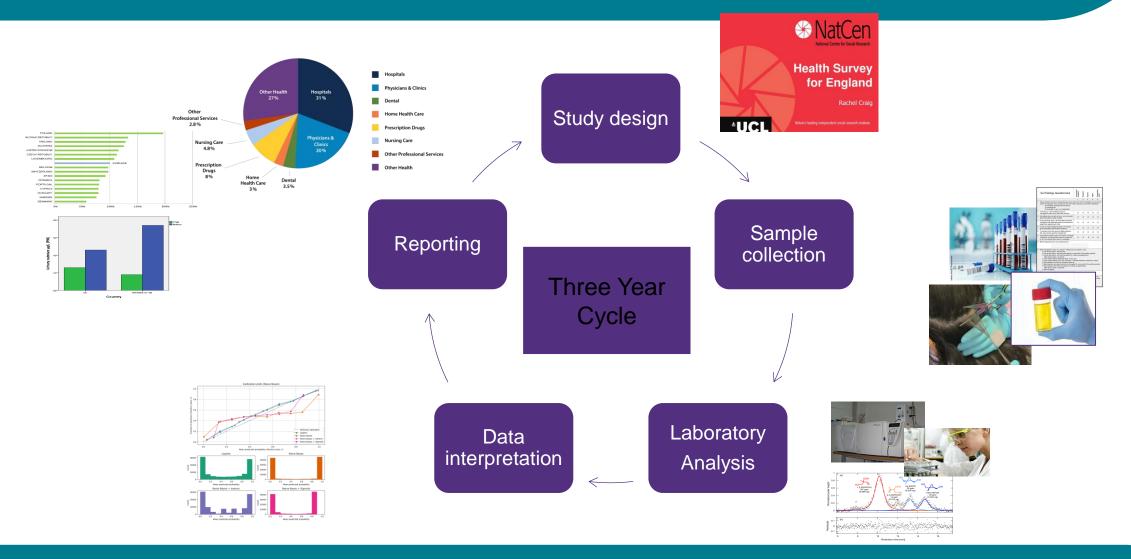

#### Too hot to handle!!

Andra, S.S., P. Charisiadis, M. Arora, J.V. van Vliet-Ostaptchouk, and K.C. Makris, 2015. Biomonitoring of numan exposures to chlorinated derivatives and structural analogs of bisphenol A. Environ. Int., 85: 352-379.

# 'Health Survey for England' + Biomonitoring

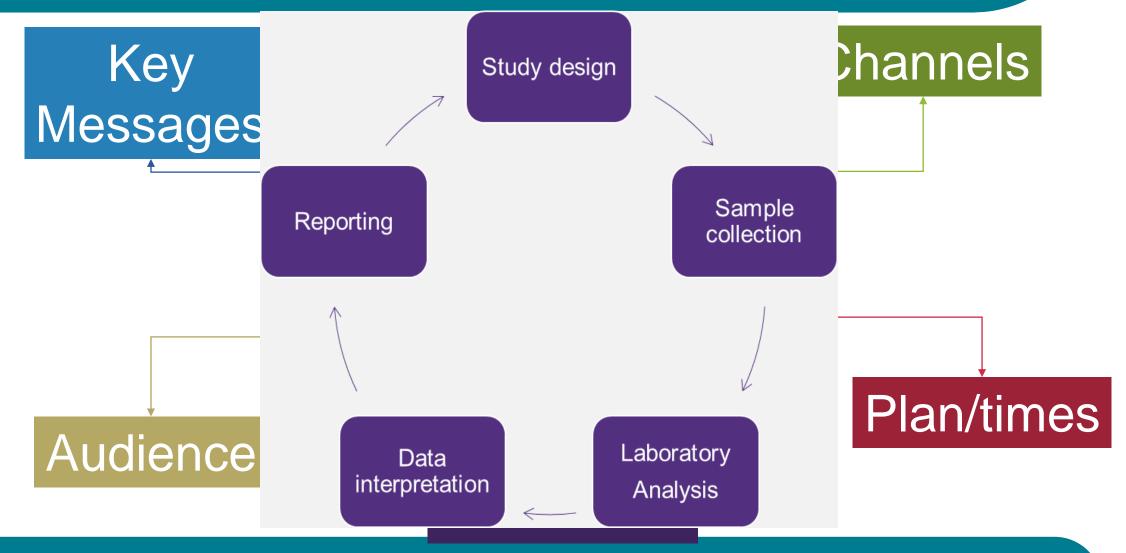

#### Examples from PARC – national stories 2024

National Human Biomonitoring Programme in Hungary started in 2024 National Human Biomonitoring Program in Latvia: HBM4LV

- Strategy called "Defining and Restructuring Public Health Activities -2023"
- Part of PARC aligned studies
- Children and adults

- HBM4EU E-waste and SPECIMEn
- Biobank
- Role of National Hubs in PARC seen as key!

# Who's listening?

6 Stakeholder Meeting Dublin 11th October 2024

| Review/ Follow-<br>up | Review by<br>funders   | How can gaps be addressed   | Continuing prioritisation  | Surveys -???   | Intent to address issues                     |

# Who's listening? Let's FOCUS!

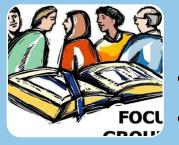

10 Stakeholder Meeting Dublin 11th October 2024

# The Focus: before, during and after!!

#### Design

Prioritisation

FOCL • Keys messages

#### **Communication material**

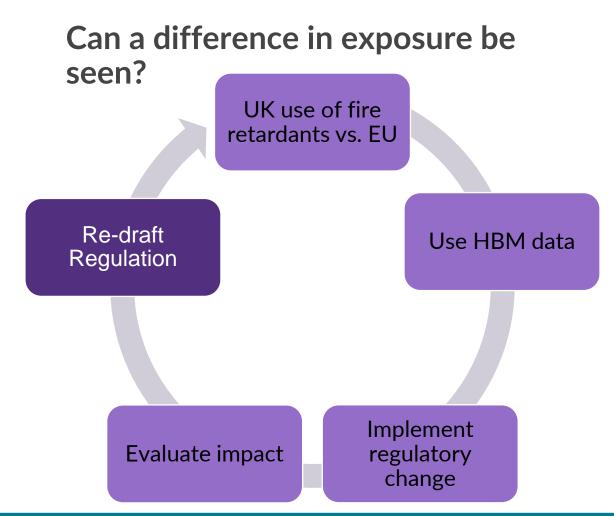

- Participant letters
- Recruitment material

**Data Visualization in your Infographics** 

# Example: UK Furniture and Furnishings Regulations (Fire safety) 1988

Set levels of fire resistance for domestic upholstered furniture, furnishings and other products containing upholstery.

## CHEMICAL & WASTE MANAGEMENT

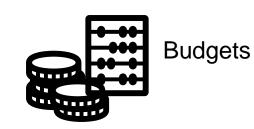

#### Other considerations....

#### **Scientific scrutiny**

Advisory group

**Hurdles** 

External/ independent review

Changes in regulations

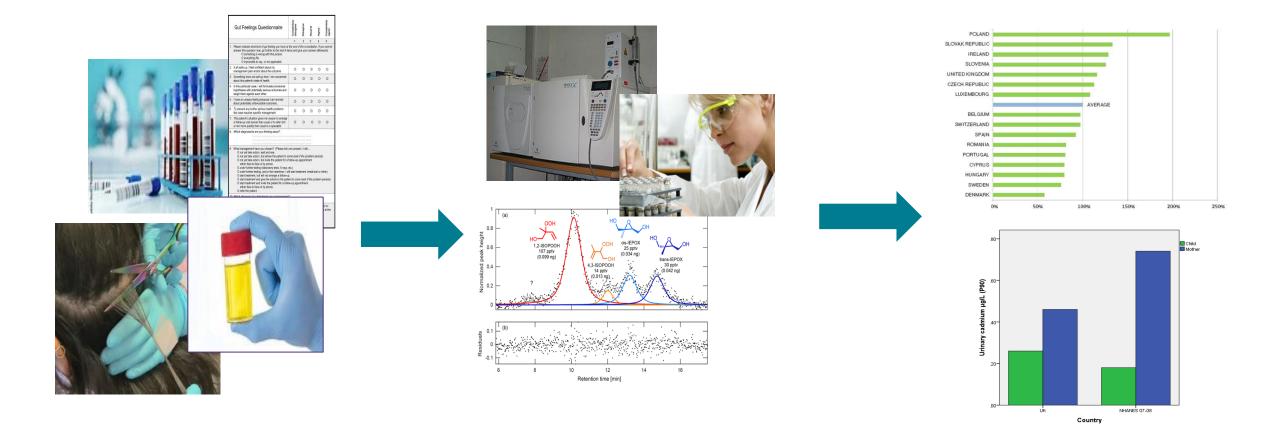

Includes public/lay reviewers

Judgements

### The Obvious.

#### The Whole Team
