List of completed eThesis enhancements

This email has been circulated to: *Chairs of Exam Committees, Internal Exam Committee Members, Research Degree Supervisors, Heads of School, School Managers, School Administrators, Graduate Research School Administrators*

CC: *Graduate Studies, Graduate Research Board*

Dear Colleagues,

The latest phase of work on the eThesis system has now been completed. A temporary section on our staff ethesis webpage has been set up (Completed eThesis enhancements 2022) which highlights the ethesis enhancements in greater detail.

Enhancements include:

- The addition of a student disclaimer to align with the new embargo policy that went live on 13 September 2021. Students can also now see their embargo expiry date in their UView.

- Clearer tracking of theses for Schools as throughout the examination process.

- Links to Policies and Procedures have been embedded in the system to help inform the process.

- Enhanced clarity within the system to highlight outstanding Examination Committee tasks.

- Preliminary reports are available for all research degrees in line with Academic Regulations.

- School Administrators can have access to the ethesis dashboard on InfoHub to help audit and track their students.

****

A reminder that the eThesis support team will be available over zoom to offer one-to-one support for those going through the Graduate Research eThesis Submission Process. This will take place ahead of the next thesis fee submission date on 07 September 2022. The drop

in zoom clinics are open to students, faculty and support staff. Anyone interested can drop in at any point on the following dates and times:

Date	Time
Monday 29 August 2022	11am - 1pm
Tuesday 30 August 2022	11am - 1pm
Wednesday 31 August 2022	2pm - 4pm
Monday 05 September 2022	11am - 1pm

To drop into a session and meet with a member of the Assessment team please log into the below link:

Join Zoom Meeting
Meeting ID: 66974940651
Passcode: 295939

We look forward to seeing you at the zoom clinics next week. Please circulate this email to any graduate research student, UCD staff or faculty member who may benefit from attending.

Kind Regards,

eThesis Implementation Group
