## RPL Applications System Enhancements

**To:** *Heads of Schools, Senior College Administrators/College Office, School Administrators, Graduate School Managers, Innovation Academy, Programme Managers, Programme Office Directors, Admissions Tutors*

Dear Colleagues,

A series of enhancements has now been made live in relation to the online [RPL Applications System](#)

This includes:

- A new report which allocates RPL applications automatically to the operational team that administers the course to which the applicant has applied
- A direct link from the RPL application to the Delegated Authority - Student Decisions system

Any schools who still accept applications via the paper based system are strongly encouraged to consider using the online system, as doing so has considerable advantages from both the perspective of the school and the applicant. The system is also available on the test systems (Infohub TST1) for anyone who wishes to review it there before making a decision.

Please contact me directly if you have any queries in relation to this.

Regards,  
Martin
