Qualification and Award Classification

GPA: Grade Point Average

The award GPA is the weighted average of the grade-points awarded for the final successful attempt at those modules which have been completed and passed to satisfy the credit requirements of the programme, where the grade-point for each module is weighted by the credit value of the module. The GPA Range is 0 - 4.2

The level of award is determined with reference to the following GPA scale:

GPA	Award
3.68 to 4.20	First Class Honours
3.08 to 3.67	Second Class Honours, Grade 1
2.48 to 3.07	Second Class Honours, Grade 2
2.00 to 2.47	Pass

Stages and Credits

A student will progress through a programme in stages. Completion of each stage normally requires the successful accumulation of credits specified for each programme.

The stage GPA includes all passed modules to date for the stage.

Programme specifications define the credit requirements of each stage of a programme, and will specify the range of modules which must, or may, be taken in order to satisfy these credit requirements.

1 Credit is equivalent to 1 ECTS credit and is associated with 20-25 hours of learning.
