UCD 2018 Graduate Prospectus

No.1 in Ireland for
Graduate Employability
Graduate Employability Rankings 2018

Welcome from the President

Our students are at the core of our University. We strive to provide a holistic education, instilling a desire to continually learn and create, to question and reason, to innovate and ultimately, to contribute to society, nationally and globally.

UCD is Ireland's global university and with over 7,000 international students, this is a very cosmopolitan campus. We are one of Europe's leading research-intensive universities and Ireland's leader in graduate studies with over 9,000 graduate students.

I invite you to join us on your journey of academic and personal discovery that will equip you for life. During your graduate studies you will have the opportunity to get involved in the UCD community and to develop a strong network that will play an important role in your future career.

As you consider your future, I hope that this prospectus will give you a flavour of the breadth of opportunity, academic guidance and career support that awaits you here at University College Dublin.

Professor Andrew Deeks,
President

UCD leads & shapes agendas in Ireland and throughout the world

With over 160 years of tradition, UCD has been a major contributor to the making of modern Ireland; leading and shaping agendas since its foundation in 1854.

UCD was created from an idea, its founder John Henry Newman's *The Idea of a University*, written in 1852. This idea sought 'true enlargement of mind' and 'a university mission to benefit the wider world'. To this day, UCD stays true to this ethos.

UCD is a distinctively Irish university but with global impact.

UCD is the most connected and networked university with Government, industry and society in Ireland.

Graduate Employability Rankings 2018

UCD is at the forefront of global knowledge and research studies that have real societal impact. As the highest level research is, by its nature, global in scope, UCD fosters collaboration with the 'best of the best' researchers across the world.

The university has a focus on five research priorities (Culture, Economy and Society; Health; Information, Computation and Communications; Agri-Food; and Energy and Environment) which map to critical global research challenges. UCD collaborates with industry worldwide to develop knowledge and solutions within these priority areas.

Global Connections

- » UCD is a member of several international research and education networks such as Universitas 21 (U21), Erasmus, UNICA and EUC.
- » UCD is research collaborator with 71 universities in Top 100 Times Higher 2015-16 Rankings.
- » UCD has a presence around the world through overseas programmes: UCD provides and accredits degree programmes in co-operation with partner institutions in China, such as Peking, Renmin and Fudan; as well as in Singapore, Malaysia, and Sri Lanka.

IT Services

IT Access Anytime

UCD has the largest wireless network in the country so studying, socialising and working on assignments are easier at UCD. Students can avail of free wireless coverage on campus including residences. Online services can be accessed 24/7 whether you are at home or abroad through UCD Connect.

Almost 800 computers are available in open access labs including Stand Up and Surf (SUAS) PC areas throughout the University. There are also two walk-in IT Centres where you can bring your laptop and get help and advice on a range of IT services. Look out for our mobile IT Centre located around campus during term time!

Your UCD account provides Gmail and Google Drive, an integrated Google calendar, eLearning resources, software and much more. Download the free "UCD Mobile" app from the app store or Google Play for a campus map, dining options, library catalogue search, staff directory, Blackboard Mobile Learn, news and more.

Check out our IT Support pages on www.ucd.ie/it

UCD Library

We provide access to a wide range of digital and print resources, including eBooks and eJournals to support your research and study. We offer attractive study spaces across 5 libraries, including single and group study rooms and a dedicated Postgraduate Centre. The friendly and expert Library staff provide a wide range of support services, and we have an extensive range of online guides and tutorials to assist you. Our website provides an access point to our full range of resources and services.

Student Welfare

Student Advisers

Student Advisers provide support for all students throughout their university experience. They work closely with the administrative and academic staff as well as with the chaplains and other support staff. They offer students a space to express their concerns regarding social, personal or practical issues, and help students to access other support services where necessary. The main brief of Student Advisers is to be available to students on a one-to-one basis and ensure that each individual student gets the support, advice and assistance he or she needs during their time at UCD. They are also involved in a number of events in UCD, which aim to enhance the overall experience of all our students, e.g. orientation and peer mentoring for new students.

Cost of Living

The cost of living in Dublin depends on each student's individual needs. You must have sufficient funding in place before enrolling on your course. It is important to consider the real costs involved, as underestimating this figure could have a negative effect on your studies.

Please use the figures below as a rough estimate of a monthly/nine-month student budget.

International Students

The estimates above do not include the cost of flights or insurance. You should also budget for any initial costs you will likely incur (e.g. you might need to budget for short-term accommodation upon arrival in Dublin). Also please note that all non-Irish nationals, who are not citizens of the EU/EEA or Switzerland, must register in person with the Garda National Immigration Bureau (GNIB) after arrival and after completion of registration at UCD. The GNIB will issue you with a residence permit/GNIB card. The fee for this card is €300 (correct as of July 2016) and should be included in your budgeting calculations.

Expense	Monthly (€)	Annual Cost (€) Nine months (academic year)

Applying to UCD

Requirements

The normal requirement for entry to a taught Masters Degree programme is a second class honours degree in a relevant subject. However intending applicants should check the individual requirements, since some degrees may require a higher standard for entry. For applicants who do not have the required minimal entry standard, a year-long qualifying course may be available in some cases.

For Masters by research degrees, course work and examinations may also be specified by the College at entry; normally these have to be satisfactorily completed in the first year of a Masters degree programme.

To be eligible to enter one of UCD's PhD programmes, a candidate must have reached a high honours standard in their primary degree. In a significant number of cases, a Masters degree may also be required. Specific information on entry requirements can be found on the relevant UCD School Website.

If English is not your first language, you may need an IELTS score of (normally) 6.5 (with no component below 6.0) or equivalent to be considered for most programmes.

The normal requirement for entry to a taught Masters degree programme is a second class honours degree in a relevant subject.

Degrees Explained

Taught Degrees

The majority of Graduate Taught Programmes such as Graduate Certificates, Graduate Diplomas or taught MA or MSc programmes will consist of taught modules often with the addition of a large thesis or dissertation for Master Level programmes.

Taught graduate programmes have associated levels assigned to them in accordance with the NFQ (National Framework of Qualifications).

For further information please see www.nfq.ie

explore...
a world of
expertise

Higher Diploma

Level 8 (60 Credits)

The Higher Diploma is normally awarded following completion of a programme of 1 year duration. Progress and transfer routes include transferring to programmes leading to Masters Degree/Postgraduate Diploma. These are often referred to as conversion programmes as they allow the student to gain knowledge in an area not covered by their undergraduate degree.

Professional Diploma

Level 7 8 9 (20 -30 Credits)

The Professional Diploma can be a Level 7, 8 or 9 Special Award. Programme Award credits can vary, please check programmes specific information.

Graduate Diploma

Level 9 (60-80 Credits)

The Graduate Diploma is normally awarded following completion of a programme of 1 year duration. Progression and transfer routes include exemptions from a programme leading to a Masters Degree or in certain instances it can be offered as a completely separate programme.

Masters

Level 9 (90-120 Credits)

The taught Masters Degree is awarded following completion of a programme of 1 to 2 years duration. Some of the progression and transfer routes include progression to Doctoral degrees.

Research Degrees

A research degree involves the sustained and in-depth study of a specific topic, which is then written up as a thesis for examination.

Research degrees involve students carrying out their own research and academic study under the supervision of a principal academic supervisor with the support of a Masters or Doctoral Studies Panel. The precise focus of research is agreed between the supervisor and the student. Research can be carried out at Masters or Doctoral level.

Research Masters Degree

Level 9

Research Masters degrees provide education and training in a particular subject through original exploration and research. A Research Masters usually takes 1-2 years full-time or 2-4 years part-time to complete. The research culminates in a thesis which sets out the conclusions of the research undertaken. The assessment and award of the degree is on the basis of the thesis.

UCD Structured PhD

Level 10

The UCD Structured PhD aims to enable UCD PhD students achieve the best possible experience of graduate research and training. Making a substantial and original contribution to knowledge, normally leading to peer-reviewed publications remains the core objective of doctoral studies. The Structured PhD includes several innovative measures designed to support the student in achieving their academic and professional objectives. A PhD takes 3-4 years full-time or 5-6 years part-time to complete. Students are required to complete a thesis which is assessed at a viva-voce examination.

A low-angle, blue-tinted photograph of a tall building under construction. The building is covered in scaffolding and safety netting. A large tower crane stands to the right of the building. The sky is a clear, light blue. The image is split horizontally, with the top half showing the building and crane, and the bottom half showing a blurred, semi-transparent version of the same scene.
